

# Services

from The Automation Group, Inc.

*"Working with TAG has been a great experience. The employees at TAG carry themselves in a professional manner, care about the projects they work on, and put the customer first. I would highly recommend TAG to anyone. I cannot think of a time where TAG has not delivered exactly what I expected. In many ways, TAG feels as though they are not only a part of the team, but an extension of my department."*

Jason Knope  
Public Works Director  
City of Junction City
